In **Deep Blue** children will make Bible stories, Bible people and Bible passages a part of their lives. In age-appropriate ways, the children will come to know the Bible as THEIR book and find ways to let the Bible speak to them today.

Imagine if your child could hear a Bible lesson Sunday morning and later that week, could log on to a digital virtual world where the Bible Story was reinforced and brought to life in 3D.

Deep Blue Adventure app is available for FREE from your app store.

Deep Blue incorporates Bible stories, science activities, arts and crafts, animated video storytelling and active games into a lived-faith experience that will help children discover what it means to be a disciple of Jesus Christ today.
